3. New Mid-term Plan “D-Summit 2026”

“D-Summit 2023” went well, resulting Ordinary Income and Net income of FY2023 record high in 2 consecutive years

- Implement strategies by regions
Profit achieved its target in each area
- Improve profitability of Japan business
DTC ratio was below target, however profitability was improved due to less sales loss
- Enhance manufacturing capabilities
Strengthened product mix as developing new shell jacket which became top-selling item after Mizusawa Down and launching original golf shoes in each area

Dividend increased 3 consecutive years, achieving record high in last 2 years

Focus on “profit”, not “sales”

- Sales method focused on profitability (improving gross margin, reducing sales loss) + Enhance DTC business
- Branding for greater earnings . Renewing retails stores of “DESCENTE”

(0.1 billion yen)

1 Reducing sales loss by controlling returns and discounts

- Sales tactics focused on profitability such as adjusting order amounts, balancing inventories by channels and increasing full-priced sales for better returns/discount rates

2 Enhancement of DTC business

- Although we did not hit the target of 55%, DTC sales ratio increased by 8pt (36%→44%), due to “DESCENTE” retail stores, which we changed business type and renewed stores

3 Branding

- Defined position of each brand for differentiation, such as rolling out “MOVESPORT” to clarify “DESCENTE” as premium sports brand. Revied marketing strategy to be brands chosen by the target customers

Rapid recovery from external factors, improving full-priced sales

- Profitability recovered rapidly since the 1st year of mid-term plan which affected by boycott movement and COVID-19, due to improvement in sales ratio of full-priced item
- Able to increase income in the last year of mid-term plan. In the phase of steady growth

(0.1 billion yen)

1 Profitability improvement in core brand “DESCENTE”

- As a core brand, advanced brand recognition as a premium sports brand focused on running, training and ski, resulted improvement in profitability

2 Recognition of “umbro” enlarged

- As a street fashion brand with its origin in football, recognition enlarged in MZ-generation and lead to strong growth

3 Market recovery for “arena”

- By maintaining strong brand recognition and brand value, sales recovered quickly corresponding to the re-opening of pools since COVID-19, in addition to strengthening EC business

Business Expansion

- “DESCENTE” established its brand position as premium sports brand. Pursuit customer satisfaction and achieved high-efficient store operations
- Incorporated affiliate companies which operate “le coq sportif” and “arena” . Implemented branding by hands-on management. Building business structure to achieve growth with “DESCENTE” and other brands

(0.1 billion yen)

1 Rapid growth of DESCENTE CHINA HOLDING (DCH)

- Sales and income of DCH is growing year and year
- Contribution of local net sales and income of China area is enlarged

2 Better recognition of “arena”

- Throughout events such as 50th anniversary year of brand and Zhejiang swimming teams, recognition improved as an elite swimwear brand

3 Rebranding of “le coq sportif”

- Focused on tennis, cycling and training, implemented rebranding as an authentic sports brand

Focus on research and development of high-value-added products

- Developing novelty products in own research and development center (DISC) in Japan and South Korea
- Utilizing own sewing factory in Japan, developed and produced high-value-added products for differentiation
- Developed high-value-added products being the core, established a mechanism to link local product MD in each area
